

2010 ♦ SABRE

SABRE

NOTHING'S AS SHARP AS A SABRE.

Honda's new Sabre™ has more than just street cred: Our designers took our 1300cc V-twin engine, added a mega-dose of Pro-Street style with a new frame, bodywork, and seat, and put it on the showroom floor. Check out the super-clean lines—especially the way the tank, seat and rear fender treatment all flow together. The Sabre is a modern custom looking towards the future.

Key Features

- New muscular pro-street styling with a raked-out front end for an aggressive stance and stylized curved frame downtube create a unique custom look.
- New bars are low, narrow and set forward for an aggressive pro-street riding position.
- Minimalist front and rear fenders, plus a sleek one-piece seat, enhance the Sabre's bold design.
- Specially designed tank-mounted chrome housing features a speedometer.
- 1312cc liquid-cooled 52-degree V-twin delivers strong low-end and mid-range torque, with ample power for passing and relaxed cruising.
